2025: Chứng nhận Thực tập sinh Công Nghệ Tài Năng VNA Group - Xuất sắc

## CAREER GOALS

Passionate software developer seeking opportunities to build and develop using cutting-edge technologies. With a solid foundation front-end and a deep interest in optimization and efficiency improvement, I am eager to contribute to the development and optimization of projects while continuously learning and growing in the field of technology.

## Experience

5/2025 - 7/2025

### Công ty Cổ phần Công nghệ Quốc tế VNA

Front End Developer Intern

**Description:** VNA Group is a software company in Ho Chi Minh City. I had the opportunity to learn and work as an intern here. I am a member of a multifunctional team. We develop software, using NextJs to build front-end features for the website.

**Role:** Front-end Developer

**Tech Stack:** NextJs, TailwindCss, Material UI, RESTful API

## PROJECT

7/2025 - present

### English Vocabulary Learning Website

-Member: 1

**Description:** Website supports learning English vocabulary, built with NextJs and deployed on Vercel. The website includes basic functions to assist in vocabulary learning and integrates AI to generate questions related to vocabulary, create paragraphs, and score. It has an interface for both computers and mobile devices.

**Role:** Front-end Developer

**Tech Stack:**

- NextJs, Groq AI, Free Dictionary API, TailwindCss, Material UI, TypeScript

1/2024 - 12/2024

### Personal Management App

-Member: 1

**Description:** The application manages daily expenses and includes functions for tracking both daily and monthly income and expenditures.

**Role:** Full-stack Developer

**Tech Stack:**

- JavaScript, NodeJs, React Native, TailwindCss

**Link:**

- Back-end:** <https://github.com/trieuden/daily-app.git>
- Front-end:** <https://github.com/trieuden/daily-app-client.git>

## Sports field manager website

Member: 4

**Description:** Sports field management website with the function of managing the rental of sports fields of users, stadium owners and system management. Full range of functions from statistics, sports field management, billing, users, etc.

**Role:** Front-end Developer

**Tech Stack:**

- HTML, CSS, JavaScript, Java, MySQL

**Link:**
